

Year 8 // Advertisement Book

Submitting an Ad Request

Submitting an ad request is fairly simple but all of the below information **MUST** be included before we can start production on your ad.

1. Refer to the Lezyne LZ8-AD-BOOKLET-2015.pdf, select an ad.
2. Give us the name of the publication and desired language.
3. Provide translations of ALL ad copy.
4. Provide us with COMPLETE ad dimensions and specs.
5. Provide us with your contact info for the bottom of the ad:
Name, email, phone and also your website.
6. Please plan accordingly and allow us at least 72 hrs before the Artwork Due date. Contact your Lezyne representative for exceptions or expedited completion.
7. Allow 48hrs to complete requested artwork.

WHERE THERE'S DARKNESS,
NOW IS 1400 LUMEN.
LIGHTING YOUR WAY.

MEGA DRIVE

We build our own LED lights from the drawing board up. Our high quality, CNC machined bodies are manufactured in-house and our LED LIGHT and lenses are simply the best you can buy. Beautifully designed LED lights that are built to last.

This is Lezyne.
This is Engineered Design.

LUMEN OUTPUT:

Ultra-bright, real world tested 1,400 lumens available

BUILT TO LAST:

Compact CNC sculpted aluminum body

INFINITE LIGHT SOLUTION:

Replace battery on the fly to extend ride time

POWER UP:

Rechargeable via Micro USB

EASE OF USE:

6 easy to navigate light settings for instant light alternatives

ALL CNC WITH INFINITE LIGHT. RIDE FOREVER.

XL DRIVE FAMILY

We build our own LED lights from the drawing board up. Our high quality, CNC machined bodies are manufactured in-house and our LED LIGHT and lenses are simply the best you can buy. Beautifully designed LED lights that are built to last.

This is Lezyne.
This is Engineered Design.

- LUMEN OUTPUT:** *Mini Drive XL- up to 250 lumens
Power Drive XL- up to 600 lumens
Super Drive XL- up to 700 lumens*
- BUILT TO LAST:** *Sculpted lightweight CNC machined aluminum bodies*
- BE SEEN:** *Overdrive Race mode allows easy switch between Overdrive & Economy*
- POWER UP:** *Infinite Light allows for on-demand battery replacement also recharges via Micro USB cable*
- EASE OF USE:** *Hard mount thumb screw secures light to 31.8mm & 25.4mm handlebars*

EVERYTHING YOU
NEED, NOTHING
YOU DON'T.
STRONG & HANDY.

RAP 21 TOOL

Strength and durability combined, our mini tools get it done. From our center pivot tool design (perform tasks with less effort) to our chrome vanadium steel bits, we've built these to last. All are designed and manufactured in-house to maintain our high quality standards.

This is Lezyne.
This is Engineered Design.

EVERYTHING YOU NEED:

- 21 of the key tools you'll actually use including:
- Cast stainless steel chain breaker (8/9/10/11 speed chains) & spoke wrench
 - 7 Hex tools, 2 star shaped tools, Phillips & flat screw driver and tire lever
 - Integrated LED light & bottle opener/disc break wedge

BUILT TO LAST:

Forged, wrapped Center-Pivot tools with Chrome Vanadium steel bits & steel fastening hardware

ERGONOMIC:

Forged aluminum side plates for comfort & performance
