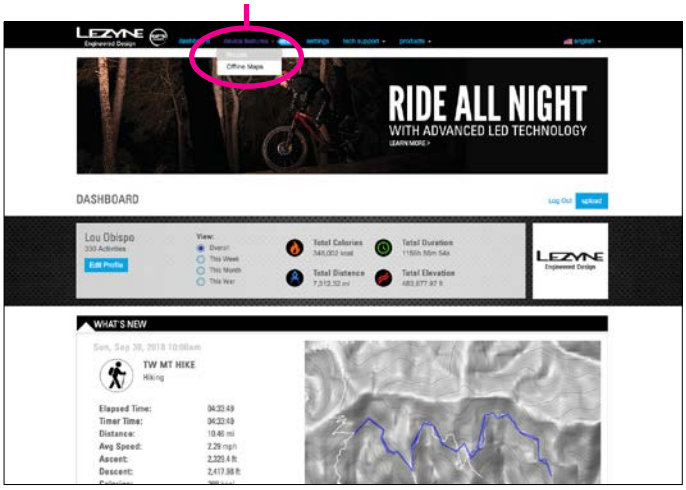
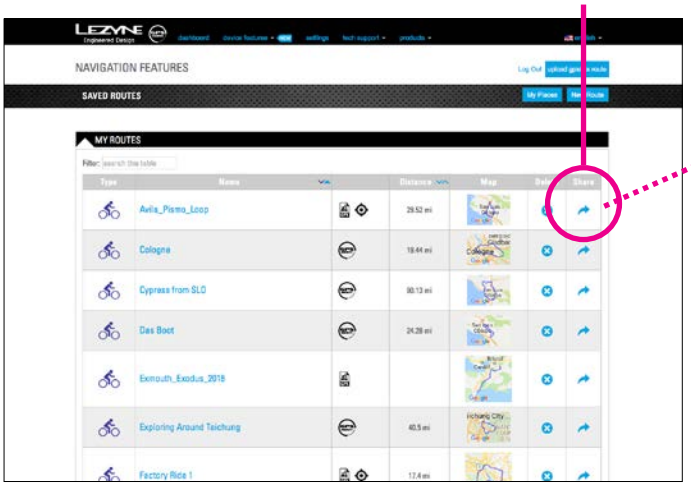
SHARING SAVED ROUTES

HOW TO SHARE A SAVED ROUTE FROM OUR GPS ROOT WEBSITE.

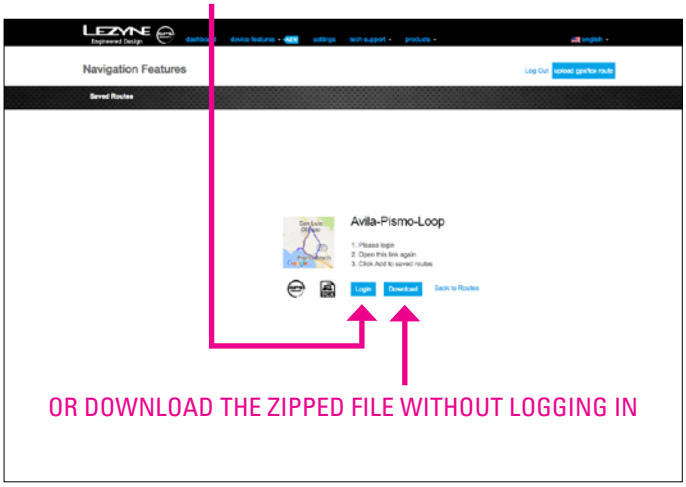
IN 'DEVICE FEATURES' DROP DOWN MENU SELECT 'ROUTES'



ON THE 'SAVED ROUTES PAGE' SELECT THE 'SHARE' ICON



LINK TAKES RECIPIENT TO RIDE FILE PAGE, LOGIN TO VIEW RIDE



1 - Navigate to Saved Routes

Once logged-in to Lezyne's GPS Root website, select the 'Device Features' drop-down menu from the navigation bar and select 'Routes'.

2 - Share Your Ride

Once on the Saved Routes page, select the small 'Share' icon on the ride you wish to share to generate a sharable link.

3 - Copy & Paste Ride link

Copy the link provided, paste it into the body of an email, and then send.

4 - Login or Download

When the link provided is clicked, it will take the recipient to the Lezyne website page with instructions to login and 'add' route to your saved routes. Or you can download the .TCX file in a zipped format without having to login. The ride file can also be added/shared with your preferred navigation/fitness platform or imported into a compatible cycling computer.
